

STN<sup>®</sup> DATABASES  
WITH  
SIMULTANEOUS  
LEFT AND RIGHT  
TRUNCATION  
(SLART)

## STN DATABASES WITH LEFT AND RIGHT TRUNCATION (SLART)

The following STN databases have left truncation and simultaneous left and right truncation (SLART) in the specified search fields. The usual minimum stem length for left truncation is four (4) characters.

### STN DATABASE SUMMARY SHEETS

For additional information, about these databases, refer to the STN Database Summary Sheets.
