

# MAXIMIZE THE VALUE OF STN® WITH GLOBAL VALUE PRICING

STN Global Value Pricing provides your organization with unlimited access to the unique content, powerful tools and reliable service to support business-critical decision making.

## NO LIMITS. NO WORRIES. NO NEED TO COMPROMISE.

### Global access:

- **Unlimited** access to all STN content
- **Unlimited** use of all STN features and tools
- **Unlimited** number of users and sites globally
- Access through all STN interfaces, including new STN

### Flexibility and freedom:

- Maximize comprehensiveness
- Optimize efficiency of search workflow
- Explore more content and features
- Focus on searching and results rather than costs

### Budget predictability and administrative simplicity:

- Single, fixed-cost contract covering all content
- Standard renewal pricing not based on usage
- Multi-year agreement
- Industry-leading account support

Only STN Global Value Pricing provides unlimited access to the broad collection of high-quality patent, non-patent and substance content STN offers, including CAS content and Derwent World Patents Index® under a single flat-fee contract.

With Global Value Pricing, all of the valuable content and features STN offers are included—there is never a need to compromise comprehensiveness or restrict content access.

STN® Global Value Pricing provides unlimited access to all STN platforms, content and features, including:

NOTE: All STN use is subject to the STN License Agreement, CAS Information Use Policies, and any applicable data use policies and restrictions set forth by third-party database producers. Some restrictions apply. Please see the STN Global Value Pricing Agreement for details.
